

Why Choose STM?

I chose STM because of the variety of sports teams offered and because the spirit at Open House was overwhelming—in a good way!

- Megan Hachey (Barnhill)

I chose STM because it is a good school with lots of spirit!

- John Bangura (PES)

Despite all of my friends going somewhere else, I chose STM because I heard lots of inspiring things about it from my family. STM is the best school to set me up for university.

-Christian Quinn (River Valley)

Welcome to
St. Malachy's Memorial High School

A Tradition of Holistic Education

Vision Statement

We are committed to educating the whole person. Through a rigorous and comprehensive program of studies we prepare students – academically, socially and morally – to assume their places as conscientious, involved and contributing members of society.

A Tradition of Family

Mission Statement

To create an environment in which students excel academically, and to provide a safe and supportive school community which encourages personal growth and contribution to the larger community.

A Tradition of Academic Excellence

EDUCATION FOR THE 21ST CENTURY

St. Malachy's recognizes that our responsibility is to ensure that students acquire the fundamental learnings required for academic success in the 21st century—collaboration, critical thinking, problem solving—with ready access to technology.
